EDITORIAL

The month of March, which opens tomorrow, brings suggestion of Spring, and Spring suggests buying. Where to do your Spring buying is a subject that should hold your very close attention.

Danielson business men are prepared this Spring to make your dollars more powerful buying mediums than you really can appreciate unless you do yourself the favor of investigating their offerings.

The day of "war" prices is fast vanishing. In Danielson the business men have not been slow to appreciate that the day of lowering prices is at hand, and they will be in the vanguard of Eastern Connecticut's business men who will give the buyers the quick benefit of reductions.

It is not to be expected that prices will be back to old levels this Spring, but they will be tending downward as the season opens.

Come to Danielson before you venture into the full swing of your season's shopping. It costs you nothing to investigate stocks and prices in any line, and you certainly will find here many offerings that will convince you that Danielson as a trading center is in the forefront of the towns in this part of the state, and that the rule is to make a satisfied customer rather than to strive for the last penny of possible profit.
